

How a clothing container can raise funds:

Looking to raise funds for your non-profit while also bringing awareness to your cause at the same time? Placing a clothing collection container is a great way to bring awareness to our organization at no cost! Have your community place their gently used clothing, shoes, handbags and linens in our clothing collection containers. This helps raise funds and gives the clothing a second home! In return our program raises funds for the community or non-profit of choice.

For more information or to schedule your clothing bin drop-off, please visit our website at USAClothingDrive.com, call us at (571) 771-3691 or email us at Info@USAClothingDrive.com.

We are a small local family-owned business and appreciate your support! If you know someone who would love to do a clothing drive, please feel free to let them know about us!
